

XVI Réunion de l'Association Européenne de CHIVA

Tarragona, Spain
8 – 9 November 2018

PROGRAMME PRESENTATION

Dear friends and colleagues:

We are pleased to present the 16th meeting of the Association Européenne de CHIVA that will be held in Tarragona, Catalunya, Spain on November 8 - 9, 2018.

In this edition, the programme contains the following main topics:

- Bases of the CHIVA Strategy
- Validation of venous hemodynamic maneuvers
- Shunt Type 0
- Unification of venous cartography models
- Evaluation of venous obstructive components
- Commission to create CHIVA Register
- Discussion about Case Problems using Venous Cartography
- Oral Presentations

We would like to point out that the meetings of the Association Européenne of CHIVA do not follow the standard format with stipulated fixed times for speeches. The speaker can use time needed in order to do the presentation. The philosophy of our conferences is to allow for enough time to enable a deeper look and increased knowledge of each topic.

We trust that the contents on this year's meeting will be of interest to you and are very much looking forward to seeing you here in Tarragona in November.

Welcome!

Scientific leaders: Claude Franceschi, Jordi Juan, Massimo Cappelli

Scientific Secretariat: Oriol Parés joparesrifa@gmail.com

Organization: Joan Segura i Ollé j.segura.olle@gmail.com

Association Européenne de CHIVA
